CareMore Health Plan HMO Plan Provider Directory

This directory provides a list of CareMore Value Plus, CareMore Diabetes, CareMore Breathe, and StartSmart with CareMore Plan providers.

This directory is for the partial county of Santa Clara and county of Stanislaus.

This directory is current as of 10/31/09. Some plan providers may have been added or removed from the list after this directory was printed. To get the most up-to-date information about CareMore Health Plan providers in your area, you can visit www.CareMore.com or call our Member Services Department at 1-800-499-2793, Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday: 8:00 a.m. to 8:00 p.m. Pacific. TTY/TDD users should call 1-800-577-5586.

Introduction

Introduction

This directory provides a list of CareMore Value Plus, CareMore Diabetes, CareMore Breathe, and StartSmart with CareMore Plan providers. To get detailed information about your health care coverage, please see your Plan's Evidence of Coverage.

Selecting your Primary Care Physician

You will have to choose one of our plan providers that are listed in this directory to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP. When you choose your PCP you are also choosing the hospital(s) and Specialist(s) contracted with the particular medical group that your PCP is affiliated with.

The "plan providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory; however some services may require a referral. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.

Referrals & Prior Authorization

You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a member of our Plan. For example, in order for you to see a specialist, you usually need to get your PCP's approval first (this is called getting a "referral" to a specialist). When your PCP thinks that you need specialized treatment he/she will give you a referral (approval in advance) to see a plan specialist or certain other provider. Skilled nursing, transitional care or specialized services will also be coordinated for you through your PCP. Your PCP will also arrange any transfers to affiliated sub-acute care facilities.

For some types of referrals, your PCP may need to get approval in advance from our Plan (this is called getting "prior authorization"). It is very important to get a referral (approval in advance) from your PCP before you see a plan specialist or certain other providers. If you do not have a referral (approval in advance) before you get services from a

specialist, you may have to pay for these services yourself. If the specialist wants you to come back for more care, check first to be sure that the referral (approval in advance) you got from your PCP for the visit covers more visits to the specialist.

If there are specific specialists you want to use, find out whether your PCP sends patients to these specialists. Each plan PCP has certain plan specialists they use for referrals. This means that the PCP you select may determine the specialist you may see. You may generally change your PCP at any time if you want to see a Plan Specialist that your current PCP can't refer you to.

Being billed directly for the full cost of your covered services

Sometimes when you get medical care, you may need to pay the full cost right away. Other times, you may find that you have paid more than you expected under the coverage rules of the plan. In either case, you will want the plan to pay its share of the costs by reimbursing you for payments you have already made.

There may also be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should send this bill to us so that we can pay our share of the costs for your covered medical services.

Changing your PCP

You may change your PCP for any reason, at any time however; it may take up to 30 days for the change to take effect. To change your PCP, call Member Services. When you call, be sure to inform the Member Services Representative if you are seeing specialists or getting other covered services that needed your PCP's approval (such as home health services and durable medical equipment). The Member Services Representative will help make sure that you can continue with the specialty care and other services you have been getting when you change your PCP. They will also check to be sure the PCP you want to switch to is accepting new patients. Member Services will change your membership record to show the name of your new PCP, and tell you when the change to your new PCP will take effect. They will also send you a new membership card that shows the name and phone number of your new PCP.

Introduction

How do you find CareMore Health Plan providers in your area?

This directory gives you a listing of Primary Care Physicians, Specialists, Urgent Care Centers, Hospitals and CareMore Care Centers available within our provider network. The table of contents and index will guide you through the sections of this directory.

The PCPs are listed by County, City, Provider Group and alphabetically by the following categories:

- Family Practice
- General Practice
- Internal Medicine

Specialists

Specialists associated with CareMore Health Plan are listed by Specialty following the PCP section.

Urgent Care

Urgently needed care refers to a non-emergency situation where you are inside the United States, you are temporarily absent from the Plan's authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition and it isn't

reasonable given the situation for you to obtain medical care through our Plan's participating provider network.

Note: Under unusual and extraordinary circumstances, care may be considered urgently needed when you are in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

The two main differences between urgently needed care and a medical emergency are based on the danger to your health and your location. A "medical emergency" occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. "Urgently needed care" is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

If you have a sudden illness or injury that is not a medical emergency, and you are in the Plan's service area, please call your PCP. If your PCP's office is closed, please go to any

urgent care facility located within our service area. Keep in mind that if you have an urgent need for care while you are in the Plan's service area, you should get this care from plan providers.

CareMore Health Plan covers urgently needed care that you get from non-plan providers when you are outside the plan's service area. If you need urgent care while you are outside the plan's service area, you should call your PCP. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the Plan's service area as long as the care you are getting still meets the "urgently needed care" definition.

We also cover renal dialysis (kidney) services that you get when you are outside the plan's service area.

For more detailed information about your Plan's provider coverage, please review your Plan's Evidence of Coverage.

Introduction

For your convenience we have added our Urgent Care listing at the end of the provider group listings.

Emergency Care

In case of an emergency, call 911 for help or go to the nearest hospital emergency room. You do not need authorization from your PCP first to seek this assistance.

A medical emergency is when you believe that your health is in serious danger. A medical emergency includes severe pain, a bad injury, a serious illness or medical condition that is rapidly getting more severe.

Please have someone inform CareMore Health Plan of any emergency treatment you undergo within 48 hours of treatment. The telephone number you should call is located on the back of your membership identification card. Your PCP must be involved in following up on your emergency care. CareMore Health Plan will help manage and follow-up on your emergency care.

It is important to know that every emergency has two

stages. When the doctors or hospital providing the emergency care consider your condition to be stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and CareMore Health Plan must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a plan provider). The second stage of the emergency after your condition is stabilized is called "post-stabilization." Generally, the hospital or doctors providing emergency care will talk to your health plan. This helps the plan to arrange for plan providers to take over your care as soon as your condition and circumstances get better. Once your health plan takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

Although you are past the emergency and post-stabilization, you may still need follow-up care. However,

your plan is responsible for your follow-up care. Your plan will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. You will need to use plan providers to get authorization and/or referrals.

If you have questions about CareMore Health Plan, please call our Member Services Department at 1-800-499-2793, Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday: 8:00 a.m. to 8:00 p.m. Pacific. TTY users should call 1-800-577-5586. Or, visit www.CareMore.com.

Santa Clara County-CareMore Care Centers

You are special; and CareMore knows it. This is the most important time of your life and we can help you make it a vital, dynamic, healthy time. CareMore is different from any other company because we redefine health care. We can help you be proactive and help you prevent disease or detect disease early when it's more curable or treatable. If you have or develop conditions, we can help you recover and cope with the condition and we'll do it right in your home and in our centers. Let's be honest, we all will experience a certain amount of decline in our health as we age.

CareMore Care Centers specialize in reducing that rate of decline and in keeping you in the best of health and spirit. It's what we do. We do it with a team approach with every possible specialist on the forefront of medical knowledge and research. Your health care providers are personally connected to your care. Your entire team will know you and be accessible to you. While providing the highest quality medical care, CareMore has created innovative programs and health plans to

help you manage your health, so that you can make the rest of your life, the best of your life.

We are dedicated to improving the health care of seniors. Our focus is to enhance your life and to give you greater peace of mind. Our CareMore staff is specially trained in the areas of senior health care. We understand the right combination of care and special programs can keep you feeling your best.

Life is precious, and we need to take care of your most important asset – your health. CareMore aims to be your partner in managing your health so that you are free to live your best life.

CareMore Care Centers offer programs like:

- **Healthy Start Program.** A comprehensive medical evaluation performed by a nurse practitioner or physician to give you choices of treatment and care.
- **Fall prevention Program.** Helps you identify important changes you may need to make in your life and home, to reduce your risk of falling.
- **DiabeatIT™ Diabetes Care Program.** Education and information for controlling blood sugar along with diabetes support groups, nutritional education, exercise classes and a toll-free help line.
- **State-of-the-art examination tables.** Maximize comfort and accessibility to the patient while allowing optimum functionality for the physician.
- **Low glare materials.** Used on all counter tops, floors, furnishings, walls and window coverings. Static resistant carpet reduces interference with hearing aids and other devices.

- Pre-Op Center
- Wound Care Program

Santa Clara County-Urgent Care Centers

Urgently needed care refers to a non-emergency situation where you are inside the United States, you are temporarily absent from the Plan's authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition and it isn't reasonable given the situation for you to obtain medical care through our Plan's participating provider network.

Note: Under unusual and extraordinary circumstances, care may be considered urgently needed when you are in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

The two main differences between urgently needed care and a medical emergency are based on the danger to your health and your location. A "medical emergency" occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. "Urgently needed care" is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

If you have a sudden illness or injury that is not a medical emergency, and you are in the Plan's service area, please call your PCP. If your PCP's office is closed, please go to any urgent care facility located within our service area. Keep in mind that if you have an urgent need for care while you are in the Plan's service area, you should get this care from plan providers.

CareMore Health Plan covers urgently needed care that you get from non-plan providers when you are outside the plan's service area. If you need urgent care while you are outside the plan's service area, you should call your PCP. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the Plan's service area as long as the care you are getting still meets the "urgently needed care" definition.

We recommend that patients call the location prior to arrival to verify check-in hours. Some centers may take check-ins up to an hour before they close, and hours may change slightly from the listed schedule due to staffing or other needs. Holiday hours may vary.

Stanislaus County-CareMore Care Centers

You are special; and CareMore knows it. This is the most important time of your life and we can help you make it a vital, dynamic, healthy time. CareMore is different from any other company because we redefine health care. We can help you be proactive and help you prevent disease or detect disease early when it's more curable or treatable. If you have or develop conditions, we can help you recover and cope with the condition and we'll do it right in your home and in our centers. Let's be honest, we all will experience a certain amount of decline in our health as we age.

CareMore Care Centers specialize in reducing that rate of decline and in keeping you in the best of health and spirit. It's what we do. We do it with a team approach with every possible specialist on the forefront of medical knowledge and research. Your health care providers are personally connected to your care. Your entire team will know you and be accessible to you. While providing the highest quality medical care, CareMore has created innovative programs and health plans to

help you manage your health, so that you can make the rest of your life, the best of your life.

We are dedicated to improving the health care of seniors. Our focus is to enhance your life and to give you greater peace of mind. Our CareMore staff is specially trained in the areas of senior health care. We understand the right combination of care and special programs can keep you feeling your best.

Life is precious, and we need to take care of your most important asset – your health. CareMore aims to be your partner in managing your health so that you are free to live your best life.

CareMore Care Centers offer programs like:

- **Healthy Start Program.** A comprehensive medical evaluation performed by a nurse practitioner or physician to give you choices of treatment and care.
- **Fall prevention Program.** Helps you identify important changes you may need to make in your life and home, to reduce your risk of falling.
- **DiabeatIT™ Diabetes Care Program.** Education and information for controlling blood sugar along with diabetes support groups, nutritional education, exercise classes and a toll-free help line.
- **State-of-the-art examination tables.** Maximize comfort and accessibility to the patient while allowing optimum functionality for the physician.
- **Low glare materials.** Used on all counter tops, floors, furnishings, walls and window coverings. Static resistant carpet reduces interference with hearing aids and other devices.

MODESTO CAREMORE CARE CENTER

1234 McHenry Ave.

Modesto, CA 95350

- Anti-coagulation Therapy Program
- Congestive Heart Failure Program
- DiabeatIT Diabetes Care Program
- Chronic Kidney Disease Care Program
- Fall Prevention Program
- Routine & Medical Foot Care
- Healthy Start Program
- High Blood Pressure Program
- Pre-Op Center
- Wound Care Program

Stanislaus County-Urgent Care Centers

Urgently needed care refers to a non-emergency situation where you are inside the United States, you are temporarily absent from the Plan's authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition and it isn't reasonable given the situation for you to obtain medical care through our Plan's participating provider network.

Note: Under unusual and extraordinary circumstances, care may be considered urgently needed when you are in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

The two main differences between urgently needed care and a medical emergency are based on the danger to your health and your location. A "medical emergency" occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. "Urgently needed care" is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

If you have a sudden illness or injury that is not a medical emergency, and you are in the Plan's service area, please call your PCP. If your PCP's office is closed, please go to any urgent care facility located within our service area. Keep in mind that if you have an urgent need for care while you are in the Plan's service area, you should get this care from plan providers.

CareMore Health Plan covers urgently needed care that you get from non-plan providers when you are outside the plan's service area. If you need urgent care while you are outside the plan's service area, you should call your PCP. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the Plan's service area as long as the care you are getting still meets the "urgently needed care" definition.

We recommend that patients call the location prior to arrival to verify check-in hours. Some centers may take check-ins up to an hour before they close, and hours may change slightly from the listed schedule due to staffing or other needs. Holiday hours may vary.
