

Elevating your health.

Enhancing your well-being.

Enriching your life.

CareMore was created to be much more than a health plan for seniors. It's a plan focused on enhancing your quality of life as you age, and designed to get you through the unexpected-and the expected-challenges the future will bring. Because we're devoted exclusively to serving the needs of Medicare beneficiaries, we understand that the older you get, the more care you'll need.

We've taken extra steps to promote wellness and prevent illness and functional decline. Our pro-active, pro-patient philosophy and full-spectrum of care fosters your well-being and promotes your independence.

You can believe in our organization to set the standards for the next generation of healthcare. We are dedicated to ensuring a positive experience that people can count on today and into the future. Through our sincere dedication to excellence, CareMore will always strive to improve the lives of everyone we touch.
