CareMore covers only the items in this brochure. Dual purpose products including vitamins and minerals are noted with an asterisk*. Members should discuss the use of dual-purpose items with their provider and if their provider recommends the item for a specific diagnosable condition. Items without an asterisk are eligible and may be purchased without further action. CareMore does not cover non-eligible items such as alternative medicines, baby items, contraceptives, convenience items, cosmetics, food supplements, replacement items, attachments or peripherals.

Answers to Your Questions:

- **How will the benefit be administered?**

Members may receive their products through participating pharmacies. Through this network of pharmacies, members may access Over-the-Counter (OTC) products in much the same way they have prescription drugs filled. Members simply need to present their CareMore member ID card at the pharmacy and bring this brochure with them, in case their pharmacist has questions. All products must be purchased for the use of the member only. It is prohibited to purchase products for family members and/or friends.

- **Is a prescription necessary?**

No, a prescription is not necessary. The amount noted is inclusive of sales tax and your customary dispensing fee.

- **Will the products remain consistent from pharmacy to pharmacy?**

The name of each product may change from pharmacy to pharmacy, depending on the different labels for each product that are available at each pharmacy. Prices may differ due to quantity variations and availability per store.

- **If a member does not use the entire allowance in a given month, will the balance roll over like a health savings account?**

No. Any balance on the allowance that is not used will be lost at the beginning of the following month.

- **If a member wishes to purchase an OTC product but has less than the required balance in his/her allowance to pay for the product, will the pharmacy deny the order?**

No. The member may still purchase the requested OTC product, but will be responsible for all costs above and beyond the monthly allowance amount at the CareMore contracted rate.

Special Instructions for Pharmacies:

How will the pharmacist process the claim?

This member is part of a special benefit program. We appreciate your assistance in ensuring this program is a success.

ALL NETWORK PHARMACIES ARE ELIGIBLE TO PARTICIPATE IN THIS PROGRAM AS LONG AS YOU AGREE TO ACCEPT THE REIMBURSEMENT RATES STATED IN THIS BROCHURE, FOR THE SPECIFIC QUANTITIES AND STRENGTHS NOTED.

You will process this RX as you would any other pharmacy claim.

You will need the following information:

- Utilize the actual NDC or the generic NDC
- RX Bin: 004758
- Processor Control Number: DNPS
- Additionally you will need to utilize an NPI number. to process these claims. Please use the generic NPI number noted here: 1222222220
- In the provider field use CareMore OTC Program

- Multiple bottles of the same product can be processed with two submissions indicating the contracted quantity on both and a 07 in the Denial Clarification on the second submission.
- **Note:** Date of service must be in the same month the benefit is being requested.

What if there are problems processing the claim?

Please call the Pharmacy Department at CareMore Health Plan for help in processing the OTC products, (800) 965-1235.
